

15. ENDPOINT SECURITY MONITORING

DATE: 22/04/2026

Aim: To learn about fundamentals, methodology, and tooling for endpoint security monitoring.
Procedure:

1. Log into TryHackMe and open the Intro to Endpoint Security room.
2. Study the fundamentals of endpoint security and its importance.
3. Understand common threats targeting endpoints such as malware and exploits.
4. Learn methodologies for monitoring and securing endpoint devices.
5. Explore tools used for endpoint detection and response.
6. Complete the tasks and answer the questions in the room.
7. Review the summary and confirm completion.

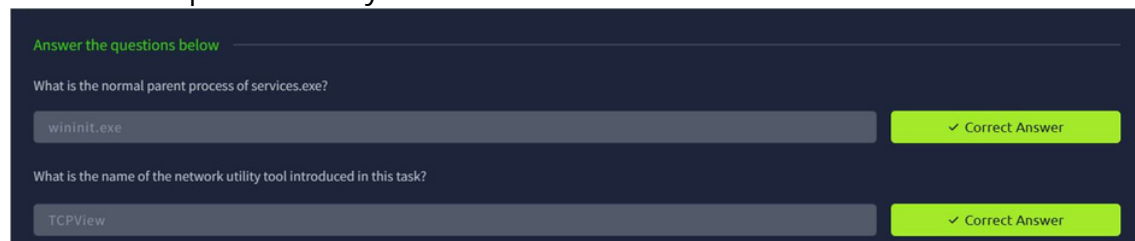

Tasks:

TASK 1- Room Introduction

TASK 2 – Endpoint Security Fundamentals

TASK 3 – Endpoint Logging and Monitoring

Answer the questions below

Where do the Windows Event logs (.evtx files) typically reside?

✓ Correct Answer

Provide the command used to enter OSQuery CLI.

✓ Correct Answer

What does EDR mean? Provide the answer in lowercase.

✓ Correct Answer

TASK 4 – Endpoint Log Analysis

Notes

Malicious process:
beacon.exe

Instruction: Based on the identified malicious process, determine the malicious network traffic. You may refer to your notes.

Process Name	Process ID	Remote Address	Remote Port
svchost.exe	2031	time.windows.com	443
svchost.exe	1023	52.242.211.89	443
beacon.exe	6823	59.23.48.195	4444

Type here to search

20/4/2026

Notes

Malicious process:
beacon.exe

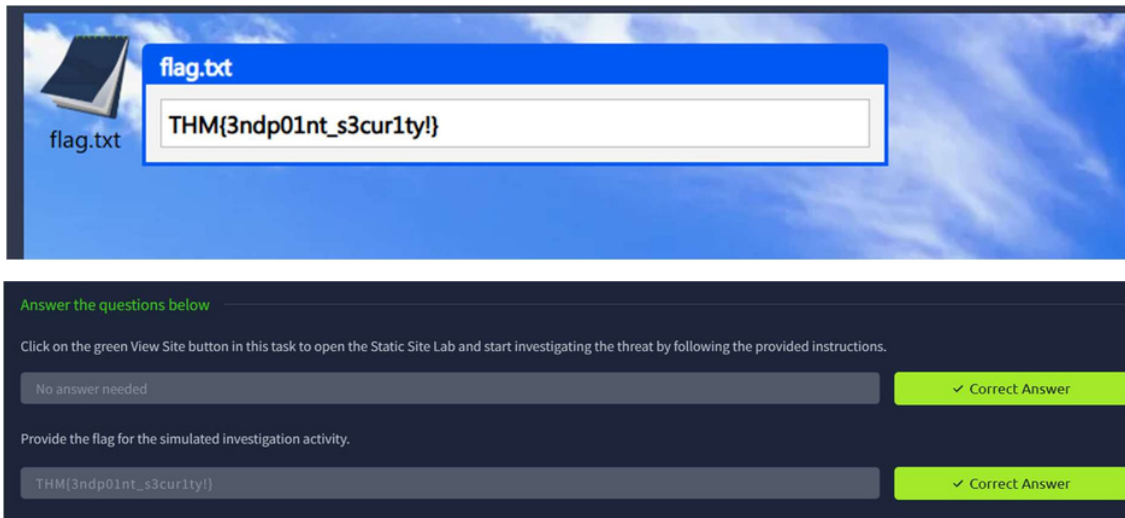

Malicious IP Address:
59.23.48.195

Instruction: Find all machines affected using the discovered IP address and eradicate the threat.

flag.txt

THM{3ndp01nt_s3cur1ty!}

Answer the questions below

Click on the green View Site button in this task to open the Static Site Lab and start investigating the threat by following the provided instructions.

No answer needed ✓ Correct Answer

Provide the flag for the simulated investigation activity.

THM{3ndp01nt_s3cur1ty!} ✓ Correct Answer

TASK 5 - Conclusion

Answer the questions below

I have completed the Introduction to Endpoint Security Monitoring room.

No answer needed ✓ Correct Answer

Result:

Thus the TryHackMe room “Intro to Endpoint Security” was completed successfully.
